

Gift of Securities Information

Gift of Stock Instructions

Depending on your personal situation, a gift of appreciated securities (held for at least one year and one day) may provide you with significant advantages as you support the Four Seasons Foundation. Talk with your tax or financial advisor to discuss the best strategy for making a gift of appreciated assets.

Benefits to You Can Include:

- A charitable tax deduction for the full market value of the donated securities.
- Eliminating state and capital gains tax on securities that have increased value since you purchased them.
- Potentially making a larger gift using an appreciated asset that you could if you were contributing cash.

If you are giving stock, please notify **Stephanie Wilson** at **828.513.2440** or **SWilson1@FourSeasonsCFL.org** with the name and number of shares transferred so we may correctly identify, credit, and acknowledge your contribution, as the names of donors are often not provided in a stock gift transaction.

Electronic Delivery Instructions
